### **Why this webinar?**

Join us to find out more about how the Global Partnership to end all forms of HIV-related Stigma and Discrimination (the Global Partnership) is addressing the rights of women and girls in Uganda in all their diversity. Let's advocate for greater action to address stigma and discrimination that causes persistent barriers to accessing prevention, testing and treatment services for women and girls.

Join us to:

- Unpack what is happening and how much of this work is focusing on women
- Create more dialogue around where things may need to change
- Build understanding of the key entry points to influence this process.
