

## KEY RESOURCES to understand and navigate the Global Fund's GC7 adaptation processes

On 25 April, the Global Fund Secretariat guided Principal Recipients about the need to 'slow down' the expenditure of Global Fund grants for certain activities. On 16 May, the Secretariat released guidance about additional grant adaptation measures for Grant Cycle 7 (GC7). This guidance is focused on the need to deallocate funds from certain grant portfolios, to reprioritize activities for the remainder of GC7, and to process grant revisions, as needed.

Here you'll find key resources and documents to support advocates in navigating these ongoing changes, with a focus on ensuring that gender-transformative, community-led responses remain a priority. This collection includes official Global Fund materials, partner-developed resources, and tailored W4GF documents, all designed to guide advocacy and engagement throughout this critical moment—so that the shift in priorities does not come at the expense of health equity and rights.

## W4GF DOCUMENTS & TOOLS FOR WOMEN AND GIRLS IN ALL OF OUR DIVERSITY:

### USEFUL RESOURCES:

At the following link, you will find the Community Guide to Reprogramming Global Fund Grants along with key documents such as the Global Fund's Operational Update Letter, interpreting guidance in English and French, delegation statements, and board meeting report:

### OTHER TOOLS FROM OUR COMMUNITY:

Connect with us and partner if you need support in the national processes connected to the CCMs and to implement advocacy actions towards the 8th Replenishment, please send us an email to: [communications@women4gf.org](mailto:communications@women4gf.org)
