

W4GF 2024 MILESTONES

CELEBRATING AND STRATEGISING A GENDER EQUALITY 2025

WHO ARE WE?

OUR MISSION

W4GF Brings together women's advocates to advance gender equality through the Global Fund to fight HIV, TB, Malaria.

We aim to strengthen women's participation in decision-making at global and national levels, ensure their voices hold the Global Fund accountable for advancing gender equality.

We are 327 advocates spanning 75 countries

WHAT DO WE MEAN BY WOMEN IN ALL OF OUR DIVERSITY

Diversity is our strength . We embrace all women, including those living with HIV, affected by TB or malaria, LGBTQIA+ individuals, women who use drugs, sex workers (18+), adolescents, Indigenous women, migrants, refugees, the incarcerated, and women with visible or invisible disabilities.

WHAT WE DO

For W4GF, meaningful participation means ensuring diverse women and girls are actively involved in decision-making that affects their lives.

This means the power to influence policies and strategies, ensuring equal, informed, and representative participation that shapes responses to eliminate stigma and discrimination.

A YEAR OF CRITICAL ADVOCACY AMID CHALLENGES

Human Rights Rollbacks

Alarming rollbacks in human rights observed in regions like Uganda, Afghanistan, and parts of the MENA region.

Escalation of gender-based violence, compounded by a lack of protective policies and frameworks.

Impact of COVID-19 Recovery

Recovery efforts diverted attention from critical services for women and girls.

Insufficient resource allocation has resulted in underfunded gender-transformative health programs.

Key Advocacy Priorities for 2024

Strengthening capacity for gender-transformative health programming.

Tackling stigma, discrimination, and systemic barriers to equitable access.

REGIONAL EXPANSION AND MENTORSHIPS

- Launched two regional hubs (Latin America & MENA), adding 48 advocates.
- Conducted mentorships in Zambia, MENA, and Ecuador, gathering women's needs and sharing strategies for gender-transformative Global Fund engagement.
- Presented W4GF advocacy and gender-transformative health benefits to NYU students.

ADVOCACY TOOLS: EQUIPPING ADVOCATES

Produced **32** advocacy briefs and technical tools tailored for:

- Global Fund structures,
- UNAIDS
- World Health Organisation
- UN Commission on the Status of Women
- World Health Summit
- UN Summit of the Future

- Nancy Bolima: Appointed women's delegate to the Global Fund's Community Connector.
- Priscilla Ama Addo: Member of Communities Delegation to Global Fund Board.
- Saro Imran: Advocated for transgender rights, starring in the film Maha.

STRATEGIC RESOURCES

KEY RESOURCES

for Gender Transformative Advocacy

Explore our essential resources designed to advance gender equality and health services around all the Global Fund processes. Access guides, briefs, toolkits, and reports focused on empowering women and girls living and/or affected by HIV, TB, and malaria, especially the ones living in the Global South.

Discover culturally sensitive and gender-transformative interventions through these comprehensive resources.

DIGITAL DOSSIER

An outcome of the W4GF Mentorship programme for transparent, inclusive and gender-transformative funding applications for the Global Fund.

The Digital Dossier is a repository of documents and key resources that offers culturally sensitive guidance on HIV, TB, and Malaria programs, enhancing advocacy and gender-transformative interventions. It's organised in six folders: the documents for the mentorship programme, a folder with all documents regarding Global Fund's 7th granting cycle, and a folder with all the information regarding the functioning, governance and strategy to the Global Fund. Additionally, there is a folder with tools for women and their gender-transformative advocacy; another folder with our communications and tools for digital advocacy and dissemination of campaigns. Last but not least, you will find in "W4GF Documents" all of our technical notes, Statements and Calls to Action from different topics, filled with gender-transformative key messages.
